

Priscila Rodas, MD Zeinab Zorkot, MD Dear Parent,

Thank you for choosing Huntsville Hospital Pediatric Endocrinology & Diabetes Clinic for your child's medical care.

Our website should help answer any questions about our office. We want you to know about our office services and what to expect at the time of your visit. Please complete the online New Patient Forms prior to your appointment. The completed forms must be returned to our office before your child's appointment date via mail or fax.

On the date of your child's appointment, please bring your identification cards, insurance cards, list of medications, as well as method of payment for your co-payments and/or deductibles. We ask that all patients arrive 30 minutes prior to the appointment time so your child can be seen by the doctor at the scheduled time.

If your child is diabetic, please bring ALL log books, glucometers, insulin and supplies to each appointment.

If you are unable to keep your appointment or if you are going to be late, please call our office at (256) 265-1770 as soon as possible. We will be happy to reschedule a more convenient time for you.

Please note that all appointments must be confirmed at least four business days prior to the appointment. Failure to confirm will result in the cancellation of your child's appointment.

Sincerely,

Amanda Cantrell
Practice Administrator

## Office hours

Monday - Thursday, 8 a.m. – 5 p.m. (Closed for lunch Noon - 1 p.m.) Friday, 8 a.m. – 12 p.m.

## **Contact Guidelines for Parents and Caregivers**

If you have an emergency, call 911. Do not call the office with a life threatening emergency.

If you have an urgent problem after business hours, please call the office and you will be transferred to the answering service who will contact the on-call physician. Please note at this time there is not a physician on call over the weekend except for emergencies. When our physician is out of town, there will not be a physician on call.

If you have a non-urgent problem or question, please call the office during business hours. Please allow 24 hours for the nursing staff to return your call.

Please confirm your appointment at least four business days prior to the appointment date. Failure to confirm will result in the cancellation of your child's appointment.

Failure to arrive 15 minutes prior to your child's appointment will cause the appointment to be rescheduled.

Please allow us 1-2 weeks to receive and notify you of your lab/test results, as most lab tests have to be sent out. Results are not available after business hours.

If you need forms to be completed, please drop them off at the office and allow us three business days to complete.

Contact our office during normal business hours for prescription refills. Please allow us three business days to complete. Failure to keep appointment may jeopardize medication refills. Routine medication refills are not urgent issues and will not be completed after hours.

If your prescription requires a prior authorization, please allow 7-10 business days for paperwork to be processed and the prescription to be available at your pharmacy. The exceptions are growth hormone, Lupron, insulin pump and CGM. These may take several weeks for approval. Prior authorizations cannot be addressed after hours.

If you are a diabetic patient please bring **ALL** log books, glucometers, insulin and supplies to each appointment.

If you have an insulin pump or continuous glucose monitor please bring a copy of the download for the past two weeks to your appointment.

In the case of inclement weather, please call the office to confirm we are open.
